

# Newsletter

This year marks our ten year anniversary of the opening of Trinity Specialist College. So in celebration there will be a special event on the 24th September. Numbers will be limited and we will let you have more details in the new term. We will also be celebrating our learners achievements too.

Professional development is a continuous process at Trinity and all staff have taken part in Autism training and mental health support for people with learning difficulties training this term. We continue to support training in specialised areas to ensure our learners will reach their potential.

raising standards  
improving lives

Our pathway groups have been busy this term as lockdown restrictions have allowed them to access the community, work experience and employment opportunities and social events.

## Independence Pathway

We were very happy to get out and about for our nature topic this term, following nature walks and planting sunflowers, which learners are measuring weekly. Learners were introduced to some unfamiliar animals. Here Zackhea, Jo and Nile met our pets, which they were very interested in, but it was Fozzy the dog who stole the show!

We also went out on a trip to Tamworth Castle.

Also, Nile and Zackhea are enjoying a work experience opportunity in the Trinity kitchen.

## Sensory Pathway

As part of our nature topic we have visited parks and gardens and explored a range of plants and animals., and we have looked at where our food comes from. We are looking forward to a visit to Broomey Croft Farm on the 28th May.

## Life and Living Pathway

Our learners were really happy to be able to get out to enjoy some activities they have previously taken part in, such as swimming and bowling this term. They particularly enjoyed a trip to experience llamas part of the topic on nature.

*Goodbye and Good Luck to our leavers!*

**To Ian, Ilyas, Tyreece, Reece and Kimberly, we hope you will continue to thrive in your new placement, and send you our very best wishes.**

## Employment Pathway

Congratulations to Ashley who started his work placement at Erdington Aquatics. He has carried out all the tasks asked of him and he is thoroughly enjoying his time there.

A very well done to Leah and Heather and Ashley who passed all elements in their AQA animal equine course. Excellent work you guys!

Learners have been supporting each other to go shopping and completing peer mentoring activities

What else is happening at Trinity....

The group were so glad to be able to go out together for a social evening to the pub at long last!

This is a very special time for Trinity as we celebrate our tenth year! Due to COVID restrictions we will now be holding our celebration event on the 24th September. Further details to follow but please make a note in your diary and join us to mark this special event.

Welcome to Laura who has joined us as a Learning Support Assistant, and Lacie who will be our apprentice receptionist. We also welcome Raji who is joining our Teaching staff.

We say goodbye and thank you to James the music therapist from The Music Works, and give a warm welcome to his colleague, Rachel Roberts. Rachel is a talented violinist, and she has already formed a rapport with our learners.

Employment Pathway said an emotional and fond farewell to Liam who will be moving onto a course with another college in September and they all want to wish him lots of success in his new venture!

*Goodbye and Good Luck*

# Trinty Around The World

An Employment Pathway production together with Highbury Theatre Friday  
25th June 2021

Cast members Leah, Heather, Jack C Sabrina, Ryan, Jack P, Hanniel, Kyle and Sean wait nervously for their cue to join the stage. Jack P directed and filmed, and Ashley B was the airport director.

This spectacular performance took us on a spell binding journey around the world through dance, and song.

The first stop on their journey around the world is to Old London Town. Cor-blimey Mister!

Heather put down some moves for the in-flight entertainment

Paris was the next stop, with Sabrina singing her song to take us there.

Next, we were off to Spain and were treated by some tradition bull fighting. Olay!!

In flight entertainment as we made our way came from Jack C, singing!

After a stop off in Egypt to see some lovely dancing, it was back on board with a tradition African dance from Leah

Our last stop was to India to see some Indian dancing!

And finally we headed home with a wave and song from Hanniel.

"Thank you to everyone for a marvellous production, you are amazing!"  
*Lindsay Harris, College Principal*
